LATITUDES CONTEMPORAINES
FESTIVAL DE LA SCÈNE CONTEMPORAINE

Avec ±, Ali Moini nous entraîne à la découverte d'une série de scènes plastiques, musicales et imaginaires. Il évolue à travers les constellations dans un costume-espace toujours mouvant, et donne forme, d'univers en univers, à plusieurs personnages et atmosphères tous différents les uns des autres... La chorégraphie et le chant donnent lieu à un voyage aventureux, doublé d'une introspection radicale.

« En tant que chorégraphe avec un passé dans le théâtre et la musique, la chorégraphie est infinie pour moi. Je ne me sens en aucun cas tenu d'obéir à des limites. Ceci est l'origine de ma prédilection pour Pasolini : autodidacte du cinéma, il créait comme le volcan crée de la lave, en toutes formes et matières. Certaines de ses œuvres brûlent encore, d'autres non.

C'est cela qui m'émeut le plus dans l'étude de son travail. Cela aussi qui m'inspire, plutôt que de réinterpréter son parcours artistique, à faire usage de toute ma créativité pour faire naître mes propres histoires. »

Livret de paroles

Tableau I

You don't caress me, so I will
You don't comb these long long hair of crimes, so I do

You don't plow these eternal sins,
From underneath the deep ass filth, so I plow

So may god rise from the dirt,
And may wealth praise his shitty dirty shape

I'm off to do it, so you can rest in peace
I'm off to do it, so in your swamp you may sink

Rest in peace, darling
Rest in peace
Rest in piss
Rest in pieces
Rest in peace amidst your pieces

Tableau II

Do as I do
Do as I wish
Do as I want
Do as I squish
Do when I want
Do it to say hi
Do as I say
Do it to say bye
Do it beneath me
Do at a pace
Do it to please me

Do it for every bite of foodie, any moody,
by-itslef stooody, healthy bio bullshits

Do as I do
Do as I wish
Do when I buy
Do when I lie
Do when I lay
Do it for one hour
Do it for 10
Stop
Stay

Do it for every single greasy head masked
behind a calm, pretentious, correct face

Do it for every single greasy head
Masked behind their stupid crooked smiles

Do it for every single greasy head

Hiding under roofs made of ergonomic surfaces,
neither changing the climate nor a thing.

Do it now
Do it hard
Do it well
Don't be shy
Do as I do
Do as I wish
Do when I buy
Do when I lie

Do it and die
Do it and die

Do it for every bite of foodie, any moody,
by-itslef stooody, healthy bio bullshits

Tableau III

What the fuck, fuck the what
What the fuck, fuck the what
What the fuck, fuck the what
What the fuck, fuck the what

There is a new cohesion, number 22 22 69

What the fuck, fuck the what
What the fuck, fuck the what

The world hasn't seen it till now, 22 22 69

What the fuck, fuck the what

You clung yourself to me
Cling clung
Cling your knees to mine
Push it, Push
Melt your knee into mine
Cling clung
Cling clung

What the fuck, fuck the what
What the fuck, fuck the what
What the fuck, fuck the what
What the fuck, fuck the what

Number 22 22 69

Cling clung
What the fuck, fuck the what

Cling your forehead to mine,
your eyebrows to my nose
Cling clung
Push; press them together
Press them

Melt your head into mine
Cling clung
Melt your belly into my hips,
melt your dick into my hand,
melt your pussy into my thigh
Push it
Push

Cling clung
Cling clung

It's time to abandon you at the slaughter house
where your wounded, melted body
will be slaughtered once again

What the fuck, fuck the what
What the fuck, fuck the what

I'll remember not to loosen my hand
I'll confess though, that I don't give a damn

Cling your fucking shit somewhere
Cling your what the fucks where you enter
Cling your fucking shit somewhere
Cling your what the fucks where you enter

Tableau IV

Not towards nude beaches
Not towards citizen kane,
Bonnie and Klyde,
Or Lawrence of Arabia speeches

Not towards unparallel lines
Dispersed here on the ground,
The yellow farms
and static flowers all gowned

Not towards the wars of Ukraine or Mars
Not towards the mobile medical units
Not towards tummies, even empty of junk food
Not towards white sand of Sardinia beaches

The sky is raining stars
the infinite planes are blackened with tar
doors are closed to any warm breath
or any upsetting soul, from afar

The sky is raining stars
the infinite planes are blackened with tar
Floating on the air, I'm swimming

Not towards Hafiz's grave,
neither to the one of Bach
Not even towards
where dreams meet the clocks

Where nightmares and labor ally
and somehow make resilience
Not towards the well known frequents

And not towards the aliens

Not towards the indestructible buildings and their aspects,
Not to make something that's better existent than absent,
Not towards all the dreams that I have never dreamt
Not towards something that I have never prepped

Towards Power
Towards power
The power I devour
Power is sweet, Power is right
Power is shapeless, Power is tight

Towards Power
Towards power
The power I devour
Power is sweet, Power is right
Power is shapeless, Power is tight

I am floating in power
My right side kidney moves me to the left
my left side ovary pushes me to the right

I am floating in power
I am swimming inside out
I am floating in power
I am swimming inside out

Towards Power
Towards power
The power I devour

Towards Power
Towards power
Towards Power

Tableau V

Am I gone? Do I know it?

-You are here, we all know it.

Shall I say? Or just play it?

- We'll let you know, be a good kid.

Am I here? Should I know it?

-You are with me, it does not matter!

Am I gone? Do I know it?

-You are here, we all know it.

Can I have you in my arms

Cause I would see you, need you, bleed you

Steal you in my arms

Cause I would need you, bleed you

Shall I say? Or just play it?

- We'll let you know, be a good kid.

Am I here? Should I know it?

-You are with me, it does not matter!

Can I have you in my arms

Cause I would see you, need you, bleed you

Steal you in my arms

Cause I would need you, bleed you

In the pool, I always try to stay calm when the older ones try to play with me under water. One of them once asked me to open my eyes in water, look at any round shape, "curved" as they're called, and count to 365.

- Do you want ice cream?

Ice cream, ice cream, walnut butt
Ice cream, ice cream, bubble gum
Ice cream ice cream, gun gun gun

I kill you, you kill me
and it's done!

Tableau VI

QQ Was born from the father
From smoke, from poison and clot

The bridges turned vertical confronting QQ
The roots grew skyward affronting QQ

All the blood shed, bled back into the veins
Fallen ruins turned, into foothills and planes

Genitals for peace
Genitals for peace
Genitals for peace

The bridges turned vertical confronting QQ
The roots grew skyward affronting QQ

Genitals for peace
Genitals for peace
Genitals for peace

Blood pulse of Father and Mother
Of sister and brother, all merry
Intensified, beating, till all their genitals turned red,
like ripe juicy cherries

The bridges turned vertical confronting QQ
The roots grew skyward affronting QQ

Genitals for peace
Genitals for peace
Genitals for peace

QQ Was born from the father
From smoke, from poison and clot
The bridges turned vertical confronting QQ
The roots grew skyward affronting QQ
All the blood shed, bled back into the veins
Fallen ruins turned, into foothills and planes

Genitals for peace
Genitals for peace
Genitals for peace

Genitals piece by piece in blood
QQ was born from the father, with a thud.
From smoke, from poison and clot

As you go and as you know
As you move to and fro,
You flow and you'll be shown
You grow and you'll be known

Cute and wise and mazed and sweet
Wonderland is yours to meet
You swing

Beyond the distance of 2 eyes
the eyes that speak, and you, a fool
Beyond the distance of 2 lips
Lips that are ripped, and your eyes occlude

Beyond the distance of 2 eyes
the eyes that speak, and you, a fool
Beyond the distance of 2 lips
Lips that are ripped, and your eyes occlude

Beyond the distance of 2 hands,
Hands that carry an axe, and you run
Beyond the distance of 2 trees,
Trees that are on fire and you stun

Beyond the distance of 2 rivers
Rivers that smell like ammonia,
but you don't know how to swim anyway

Beyond the distance of 2 cities
Cities that don't exist anymore, and you are sitting in this
fucking theater

Beyond the distance of 2 mountains
Within the distance of 3 mountains
And on every one of its rocks,
the footprint of your preys

As if they were your shadow
preys that moan
preys that have been slaughtered
preys that are expelled
Preys with ropes around their necks
preys that are roasted
preys that are crying
preys that are under un-stoppable pressure
Satirized
Frustrated
Castrated
Born
Raised
Grown
Raped
Dead
